2013 - Ist Quarter

For the quarter ended March 31, 2013, the Company earned net income of \$905,000 or \$0.21 per share compared to \$1,065,000 or \$0.25 per share for the same quarter in 2012. The decrease in quarterly net income was primarily due to decreases in total interest and dividend income of \$695,000 and total non-interest income of \$135,000 partially offset by decreases in the provision for loan losses of \$400,000 and total interest expense of \$211,000. The decline in total non-interest income includes a non-recurring life insurance benefit of \$93,000 and gain on sale of securities of \$33,000, which were recorded in the first quarter of 2012.

The Federal Reserve Bank's continued policy of asset purchases coupled with a near zero interest rate target has put downward pressure on interest rates for both loans and investments. While deposit and borrowing interest expenses also continue to fall, their already low levels cannot keep up with the decline in asset rates. Over the past four years, following the financial crisis and resultant economic downturn, we provisioned heavily for loan losses. As the economy stabilizes, we are beginning to see improvement in asset quality. As a result, we were able to reduce loan loss charges to partially compensate for the decline in net interest income. This is a trend seen widely in the banking industry and we expect it to continue to our benefit in the coming year.

In March, we held our fifth annual bank-wide meeting, where the Bank's 100th anniversary was the central theme. Employees in each branch and functional area of the Bank created banners to commemorate this impressive milestone. The banners were judged by the Bank's senior management for originality, creativity and incorporation of the anniversary theme. The winning design has been produced for display at various parades and events in our local communities. The meeting was well attended by the Board of Directors, who expressed their appreciation for the hard work and dedication shown by the employees. Years of Service Awards, in the form of shares of Jeff Bank stock, were presented to 14 employees with years of service ranging from 5 to 25 years. We believe stock awards reinforce the employee's commitment to the Bank's profitability while recognizing their past contributions and loyalty.

In 1962, there were 11 community banks in Sullivan County. Today, Jeff Bank is the only community bank headquartered and operating solely in Sullivan County. We are proud to be an independent, local bank and a trusted Sullivan County tradition since 1913. With the support of our customers, shareholders, directors and employees, we look forward to continuing the personalized, local banking service that has been the hallmark of Jeff Bank for the past 100 years.
